

MINUETTO CRUISER

BOAT TYPE: Cruising Sailboats

INTRO:

MINUETTO CRUISER is the moderate version of a Mini Transat. Even if designed according to the class rules it has no ambition to compete but is just a fast and safe day-cruiser.

DESCRIPTION:

MINUETTO CRUISER may take part in a competition of the Mini Transat Class, fully complying with Class rules, but stands a few chances only under very favourable weather conditions, with average-low winds and when beating up to windward. The boat has a beam of 2,5 m for easy trailering and a sail surface of 32,8 sq.m. The keel may be lifted by means of a tackle manoeuvred from the cockpit. Even if it is less powerful than the Sprint version it is still a fast cruising boat and should have even better performances with light winds. The interiors are essential but quite spacious and suitable for 4 people. The construction method is the "stitch and glue" type with many fibreglass (or carbon) reinforcements in stressed areas.

DESIGN: Paolo Lodigiani & Matteo Costa

LOA: 7,65 m

BOA: 2,55 m

WEIGHT: 950 kg

SAIL AREA: 32,8 sqm

CONSTRUCTION: plywood

PRICE complete plans: € 220
