

PALOMA SAILING

BOAT TYPE: Sailboat

INTRO:

PALOMA is an open sailing boat for family excursions. It's a simple traditional and versatile boat which has been designed in three version as a small cruiser, as an open daysailer and as a motorboat.

DESCRIPTION:

PALOMA is an open sailing boat for family excursions. The boat has a very traditional hull, not conceived for planing easily, but to be able to glide smoothly at medium speeds. A suitable motor for this boat is the inboard one (maximum 10 HP) if one wishes to use it with a motor, an outboard one if it is to be considered as a sailing boat. The construction is in strip planking: not very difficult even if more time is needed if we compare it to a plywood construction.

DESIGN: Paolo Lodigiani & Matteo Costa

LOA: 6,64 m

BOA: 2,30 m

WEIGHT: 950 kg

SAIL AREA: 25 sqm

CONSTRUCTION: strip-planking

PRICE complete plans: € 210
