

## POLLY

**BOAT TYPE:** Sailboats - Dinghy

**INTRO:**

POLLY, designed to compete in Dieci piedi (10 Foot) Class ([www.dieci piedi.it](http://www.dieci piedi.it)) is rather large and stable. Quite comfortable for its size it may be used also for sailing excursions.

**DESCRIPTION:**

POLLY is stable boat and is suitable for any helmsman. We have adopted the cockpit solution with self emptying double bottom. Apart from the functional advantages, this system allows to accelerate construction times. The cockpit is prefabricated and then applied in the hull, which allows "quick and dirty" operations inside the hull, (for example leaving taping of the chines unfinished) thus avoiding long, harmful and tiresome operations. POLLY is suitable for two types of rig: sloop rig with main sail and jib, suitable for use by two people or for a single crew for racing, or catboat, which is more advisable for those who wish to use the boat more restfully and who do not wish to take part in a competition.

**DESIGN:** Paolo Lodigiani

LOA: 2,93 m

BOA: 1,30 m

WEIGHT: 43 kg

SAIL AREA: 5,8 sqm

CONSTRUCTION: plywood

**PRICE complete plans:** € 60
