

## YOUNG BAGGIE

**BOAT TYPE:** Sailboats - Dinghy

**INTRO:**

YOUNG BAGGIE, with a hull length of 4 m, is the medium size of the three boats we designed drawing inspiration from the traditional sandbaggers.

**DESCRIPTION:**

YOUNG BAGGIE, with a hull length of 4 m, is not an extreme boat (in this it is different from the sandbaggers) but it is fast and enjoyable to use. The cockpit is long and comfortable and it is self-emptying by means of two limber holes in the transom. The sailing plan, with a gaff mainsail and a jib fitted on a fixed bowsprit, looks nice and traditional; efficiency (compared with the Marconi rig) is better than normally believed and the sail plane center of effort remains - with equal surface - low. The strip planking construction method is fully justified: time and effort are compensated for by the satisfaction of having a nice-looking classic boat. Mast, gaff and boom may be made in wood as well as aluminium.

**DESIGN:** Paolo Lodigiani

LOA: 4,00 m

BOA: 1,59 m

WEIGHT: 102 kg

SAIL AREA: 12 sqm

CONSTRUCTION: strip-planking

**PRICE complete plans:** € 70
